CENTRIFUGAL CASTINGS
FOR SHIP BUILDING INDUSTRY

Materials

• Stainless steels
• Duplex
• Bronze
• Leaded gunmetal
• Nickel aluminium bronze
• Copper nickel 70 - 30

Condition

• Proof machined
• Finish machined

Advantages of centrifugal casting

• Improved corrosion resistance
• Dimensional stability
• Excellent machinibility
• High mechanical properties

Main approvals

• ISO 9001
• Germanischer Lloyds
• Lloyds Register of Shipping
• U.K. Ministry of Defence (N)
