CENTRIFUGAL CASTINGS FOR SHIP BUILDING INDUSTRY

Materials

- Stainless steels
- Duplex
- Bronze
- Leaded gunmetal
- Nickel aluminium bronze
- Copper nickel 70 - 30

Condition

- Proof machined
- Finish machined

Advantages of centrifugal casting

- Improved corrosion resistance
- Dimensional stability
- Excellent machinability
- High mechanical properties

Main approvals

- ISO 9001 
EN ISO 9001:2000
Certificat N°: 71 100 6 006
- Germanischer Lloyds
- Lloyds Register of Shipping
- U.K. Ministry of Defence (N)
