## CMRT DECLARATION @ LBI rev 6.3.1

---

As a responsible company, Les Bronzes d'Industrie supports the goal of the Dodd-Frank Wall Street Reform and Consumer Protection Act that serves to prevent armed groups in the Democratic Republic of the Congo (DRC) and adjoining countries from benefitting from the sourcing of "conflict minerals" (tin, tantalum, tungsten, and gold) from that region.

Based on the analysis of our supplies and after consultation with our usual suppliers of tin and tungsten, we can confirm that all parts manufactured by LBI during the **year 2023** are free of conflict minerals from the conflict region.

We have also implemented specific instructions with our raw material suppliers to ensure that these requirements remain applicable for the year 2024.
